# **P**ROPHECY **P**ROOF **P**ROVISION

Here is an example of how this works. Shortly after the United States democratic party pushed their Presidential candidate through a demonized election, the new administration manipulated this President to sign a document to no longer fund and support Israel. Within a few short months, our country imploded in upon itself. Most news sources say that there has been more destruction of our country in one year than in all the years we have been a nation.

ISRAEL | THE MOST POWERFUL NATION OF ALL

ESCHATOLOGY

# AMERICA

NO LONGER SUPPORTS ISRAEL

While it is shocking that America no longer defends Israel, it is in prophecy. In the end, Israel will stand alone. Jesus does not step in to defend her until she is completely alone and on the verge of being taken over by the world's nations. God will be obligated to keep yet another promise when this moment occurs. And, He does. He not only releases His Son to return in the Second Coming, but He also releases all of His warring angels to conduct the war to end all wars, the battle of Armageddon. While the masses try to figure out exactly when this war will happen, I could care less. I do know that it will occur.

# REVIEWING OUR SCRIPTURES

STUDY CHAPTER SEVEN  
KEY VERSES

7:6-8

*"After this I kept looking, and behold, another one, like a leopard, which had on its back four wings of a bird; the beast also had four heads, and dominion was given to it. "After this I kept looking in the night visions, and behold, a fourth beast, dreadful and terrifying and extremely strong; and it had large iron teeth. It devoured and crushed and trampled down the remainder with its feet; and it was different from all the beasts that were before it, and it had ten horns. 'While I was contemplating the horns, behold, another horn, a little one, came up among them, and three of the first horns were pulled out by the roots before it; and behold, this horn possessed eyes like the eyes of a man and a mouth uttering great boasts.'"*

# THE THIRD BEAST

Leopards are one of the most agile and graceful of all wild beasts. The third beast is like a leopard with four wings and four heads, representing the Greek Empire, which was divided into four parts after the death of Alexander of Macedonia. Greece has always been known for worshiping culture, goddesses, and refined living. However, their leader was feared in battle – he was relentless and ruthless. He was known for his swift battles with no mercy on the battlefield.

# THE FOURTH BEAST

We know that the fourth empire is none other than Rome as we reflect on Nebuchadnezzar's statue. The fourth beast is very different from the others and is not presented or symbolized by an animal. Daniel references it as "terrible and powerful, and exceedingly strong" with "huge iron teeth" and "ten horns. It devoured, crushed, and trampled down the former kingdoms with its teeth. This beast is symbolic of the Roman Empire, which is known for being the strongest and most wicked empire since the days of Babylon.

# LITTLE HORN

---

The “little horn” mystified Daniel. It was not one of the ten horns; it rose from the center of the ten horns. Thus, this is not considered one of the ten toes/countries. It was unusual, to say the least. It had eyes like a man and a mouth like a man, speaking “great things,” which means it was a man. Was this horn the Antichrist spoken of in Revelation? Is this horn the King of kings returning to the earth to rule?

# IN CONCLUSION

---

**Daniel's first vision is frightening – minimally for the unsaved. We have learned about the rise and fall of Greece and Rome. We discovered the ten kingdoms that rise from the ashes of Rome, which formed the first European Union of sorts. It also points us to modern countries that have morphed from these early Germanic tribes. Finally, we see a glimpse of “little horn,” the snapshot of Satan bringing forth his final empire as a savior to the battling nations of the world.**

## #21 DANIEL'S SECOND VISION

DANIEL | THE TALE OF FOUR KINGS

Who is the Ancient of Days? Why is this figure so important? As to the leaders or kings to the monarchies stated by Daniel, and how those ten kings signify the ten horns; and the little horn, Satan, Daniel was given yet another vision. He sees a figure that matches the description of Jesus's Second Coming. He had white hair like snow & pure wool. His throne was ablaze with flames, symbolizing the wrath of God. We will discover how the wrath of this figure destroys this "little horn," the personhood of the beast. As for the other three beasts, their power had been taken away.
