God's Timeline	Man's Timeline
One Day	1,000 years
One Hour	4-years
Ten Minutes	7-years
One Second	4-days

It would behoove us to remember that one day to the Lord is one thousand years to man. Meaning the breath of humanity on earth is seven short days to our Lord. It also means that the earth will have a max of seven thousand years. We are at the end of the six thousand year mark if we carefully review the Hebrew calendar. This means we have several minutes before the Rapture. Here are the calculations.

GOD'S TIMELINE VS. THAT OF HUMANITIES

AGE OF THE GENTILES

WE ARE AT THE END OF THE AGE OF MAN

In reviewing God's one-week pattern, we discover that God conducts His Alpha and Omega in seven short days, the beginning and the end of humanity. In total, we find the seven days of our Lord. However, we are given 6,000 years to *do our thing* in man's timeline. Within His timeline, God gives humanity six days while saving the Sabbath for Himself. It puts the final 6,000 years of humanity ending between 2023 to 2029. While it is important to review time through God's eternal clock, humanity is running out of time even if we use the Roman timeline.

REVIEWING OUR SCRIPTURES

STUDY CHAPTER SEVEN
KEY VERSES
7:1-3

"In the first year of Belshazzar king of Babylon Daniel saw a dream and visions in his mind as he lay on his bed; then he wrote the dream down and related the following summary of it. Daniel said, 'I was looking in my vision by night, and behold, the four winds of heaven were stirring up the great sea, and four great beasts were coming up from the sea, different from one another.'"

THE TREE OF KNOWLEDGE MORPHS INTO BABYLON

“Babylon” derives from *Babel*, the name assigned after Nimrod built a tower rising against God. Since Nimrod’s objective was to climb to the top of this tower to curse God, the Lord quickly put a different language in the mouths of all the people. When the builders attempted to communicate, they sounded like babbling idiots. Thus the title, Tower of Babel.

BABYLON RESURRECTS IN THE END

As we gaze down the timeline of Babylon in History and prophecy, we see the evidence stated in Revelation's book, the rise or resurrection of old Babylon (Rev. 18:21). This empirical system is also referenced as the seven-year reign of the Antichrist – the toes and feet of Nebuchadnezzar's statue.

WHY THE RAPTURE

Similarly, the Bride of Christ is to be removed, gathered up, before God begins to deliver His anger onto the Antichrist. More significantly, how can the Bride of Christ come back with Jesus in His Second Coming at the end of the Tribulation period unless she was already gathered up?

DANIEL'S FIRST VISION

The vision starts with the “four winds of heaven” – north, south, east, and west. These winds stirred up the great sea, which is the Mediterranean Sea. This sea is the water west of Israel. In Revelation’s book (7:1-2), John tells us that an angel commanded the four winds to be held back from destroying the earth until God’s faithful elect, the 144,000 pure bloodline Jews, were not only marked with God’s seal but finished their work during the reign of the Antichrist.

IN CONCLUSION

Chapter seven of our study enumerates the succession of world-empires and rulers, which connect ancient prophecies to the final hours of the age of men. The lion represents Babylon, whose ruthless and demonic kingdom was instigated by marvelous intelligence; the bear, Persia; the leopard, Greece under Alexander the Great; and the fourth beast, with great iron teeth, was Rome. The ten horns/toes are ten kings, and these without question represent great European kingdoms, who were birthed by the Roman empire.

DANIEL | THE TALE OF FOUR KINGS

That which rose first, the kingdom of the Babylonians, the Assyrian monarchy, founded by Nimrod, increased by the Assyrians, and brought to its height under Nebuchadnezzar by the Babylonians and Chaldeans; this is said to be like a "lion" for its strength and power, for its greatness, oppression, and majesty. It also describes the resurrected Babylon stated in Revelation's book. The golden head of Babylon cannot be squelched until it is melted in the fiery furnace of Hell. More about this in our next episode.
