# OF THE ANTICHRIST

There is a demonic twist that comes with this economic system. As with all evil empire modalities, it will require a birth-pang stage. Meaning, several years before the Tribulation period, the world will shift to madness methods of preparing the way for such oppressive living. It is a method we call *the rich get richer, and the poor get poorer*. More commonly known as socialism. Furthermore, this will require a cancerous form of deception. A deception that could deceive even the elect of God.

**KEY VERSES**

**4:34-35**

*"But at the end of that period, I, Nebuchadnezzar, raised my eyes toward heaven and my reason returned to me, and I blessed the Most High and praised and honored Him who lives forever; For His dominion is an everlasting dominion, and His kingdom endures from generation to generation. All the inhabitants of the earth are accounted as nothing, but He does according to His will in the host of heaven and among the inhabitants of earth; And no one can ward off His hand Or say to Him, 'What have You done?'"*

## THE TRIUNE OF SATAN

It is easy to understand that the king became the global economic leader of the world. The Word of God reveals yet two other superpower positions, or characters, he represented – the False Prophet and the One-world Global emperor.

# THE UNION BETWEEN RELIGION & ECONOMICS

**As in the case of king Nebuchadnezzar, Satan and the Antichrist will formulate a partnership of global religious belief and that of a one-world economic system. Both systems, the Babylonian and Satan's final empirical system, demands that the one who is worshipped is the one who becomes rich. Also, there will be no room in the inn for freedom of worship in both cases – that is, outside of the masses worshipping the global prophet.**

## RESTORED

As we have learned from Biblical history, from Cain to the final Antichrist, God is the one who hardens a heart or frees one to restoration. God in His elective mercy can do what a human mind cannot do. The king's removal from power & influence was directly connected to the discipline of humiliation for acknowledgment that the One God is empowered over all gods.

DANIEL | THE TALE OF FOUR KINGS

# IN CONCLUSION

There are two great disputes in the world of humanity's rule. The first, whether God or man shall rule, identifying His will versus that of man shall be done. The second is whether an all-knowing Supreme God exercises continual rule and mastery in a defiling world filled with defiant rulers.
