

IOM AMERICA BOARD COMMUNICATION

October 17, 2022

Greetings in Christ, Gentlemen.

We are living through an unprecedented moment in time, but what gives me hope is our equally unprecedented commitment to responding to the needs of our constituents – all those who depend on IOM for the highest level of quality communications.

People worldwide have opened their hearts to help those needing to read/view the publications and media we release through our outreach. During and since the COVID tragedy, our ministry has expanded significantly. As you will read in our November Year End Board report, the numbers are mind-bending. However, there is a challenge.

This challenge is basic. With the numbers increasing in outreach, our donor base no longer sustains the ministry costs required to service our growing need. Secondly, the need for proactive Board members is imperative. Our growth presses in on the need to have sound, Godly wisdom. In this, our Lord led me to add additional Board members.

We welcome our new members, ***Rick Kratz & Jeff Brugmann***. Your willingness to serve in this capacity is honorable and welcomed. Attached are the updated IOM ByLaws & ministry Articles. I request that all Board members review this updated document.

The revision came from a two-week application process approved by the National Philanthropic Trust – the largest public trust corporation in the United States – 32 billion dollars annually. We were approved. IOM is now a donor base within their corporation. The application process was needed because a major donor keeps their trust fund within this organization. The first check from their Trust Fund is \$2,000. Others will follow if and when the Trust owner deems it necessary. The best news is all who search the data records of NPT searching for supported donor-based nonprofits, our name will surface.

Due to the recent woke policy changes in PayPal, our main online donor portal, we are moving to direct deposits. The corporation we are using is

Stripe. We have been with them for years, primarily for the functionality of our Online School. We will keep our PayPal account open throughout 2023 unless they cancel us due to *misinformation*. As for you and others, for those who wish to support our financial needs, use the link below from this day forward. Please review this portal page, and provide input, additions, or a simple approval.

I am eternally grateful to each of you. We are also encouraged by all our donors, ministry partners, and prayer warriors.

Please confirm that you have received this communication and read the content. This is an official Board filed communication. Thank you.

-Stephen
